

AQUA MEDICAL SPA

SPA SERVICES MENU

FOR YOUR BEST SKIN AT EVERY AGE

Welcome

Our physician-supervised Aqua Medical Spa offers a full menu of rejuvenating and regenerating treatments, from custom facials and chemical peels to body contouring, cosmetic injectables and laser skin resurfacing. We use advanced medical technology, techniques and products for your most beautiful skin at every age.

A consultation with one of our medical providers or aestheticians precedes your treatment so your care is precisely planned and delivered to achieve the individual results you desire.

What's new? Call us or visit our website for the latest treatments, products, and new technology, special offers and events.

Scheduling: Request an appointment online, by phone or stop in to see us!

Arrival and Check-In: If you are a new patient, please arrive at least 30 minutes before your scheduled appointment to fill out any necessary forms. Returning patients should arrive 15 minutes prior to their scheduled appointment.

Spa Etiquette: Late Arrivals: Please be aware that late arrival may mean your treatment time will be abbreviated or rescheduled so the scheduled clients following you are not inconvenienced. If your treatment time is affected you will still be charged the full rate.

Cell Phones: We want you to enjoy your visit in a calm and relaxing environment. Please silence your phone or other device. If you need to make a call, please step out of the spa. Thank you!

**Initial Aesthetician Consultations are Complimentary.
Gift Certificates Available.**

Please call us for more information on new products, treatments and technology not listed here. Some treatments are offered at select locations only.

Complimentary Consultations

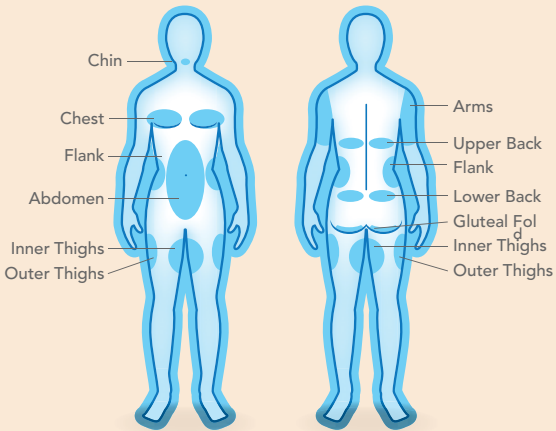

Consultations are held before initial treatment begins. This allows your aesthetician to fully evaluate your skin type, medical history, lifestyle and desired results. Initial consultation appointments for aesthetician services & skin care treatments, and related follow-up appointments, are COMPLIMENTARY.

BODY CONTOURING WITH COOLSCULPTING

Let us help you achieve the body you love with CoolSculpting[®], a revolutionary new contouring treatment that freezes stubborn fat cells in areas resistant to diet and exercise, then naturally eliminates them from your body **permanently**. Most people see undeniable results after just one treatment. It's FDA-cleared, and best of all, there's no surgery or downtime.

TARGET AREAS

New treatment areas may be available. Call today.

SKIN TIGHTENING AND CELLULITE REDUCTION

We offer non-invasive, safe, and pain-free methods to tighten skin, stimulate and strengthen collagen production, and reduce the appearance of cellulite. These treatments work to improve skin elasticity and texture on the face and body.
